

Sinclair Broadcasting's Anti-Kerry special will damage this country's democratic system. I do not believe that any broadcaster should be allowed to broadcast any political content. I doubt that that under current law, Sinclair can be forced not to air this special. That being said, the Kerry campaign or an organization such as MoveOn should be given equal air time.

I guess this is what our country gets for being unable to enact sincere campaign finance reform. I am ashamed and I hope you are too.
